Proposed Tsunami Museum

Sri Lanka

By

Senarath Wickramasinghe Assistant Director (Ethnology) Department of National Museum Colombo Sri Lanka

Tsunami 2004 December

- Most destructive tragedy in the k Sri Lanka
- ¾ of Island's sea coast affected (J Mullative, Trincomalee, Batticalo, Matara, Galle, Kalutara and Color
- Over 33,000 people died
- 500,000 people home less
- Infrastructure damages (Schools, museums, Archaeological sites,
- Property damage over

Purpose of the proposed Tsunami Museum – Sri lanka

- As a memorial of the incident
- Educate the people on Tsunami
- Preserve some Tsunami affected objects for future generation

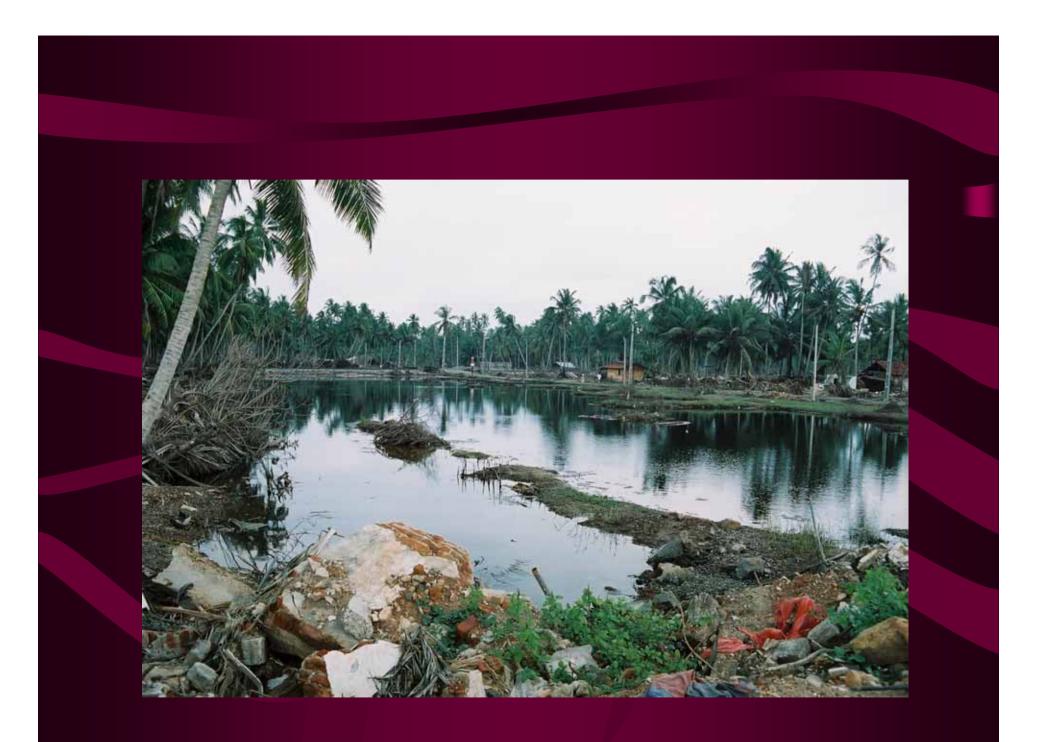

Selection of a proper place for the museum

- Pareliya in Galle district selected
 This is where the maximum number of people died in one place. (Over 1500) and the world's worst train tragedy
- Easy accession
- Close to the Sea

Proposed site – Land Accusation has been completed Size : 4 Acers

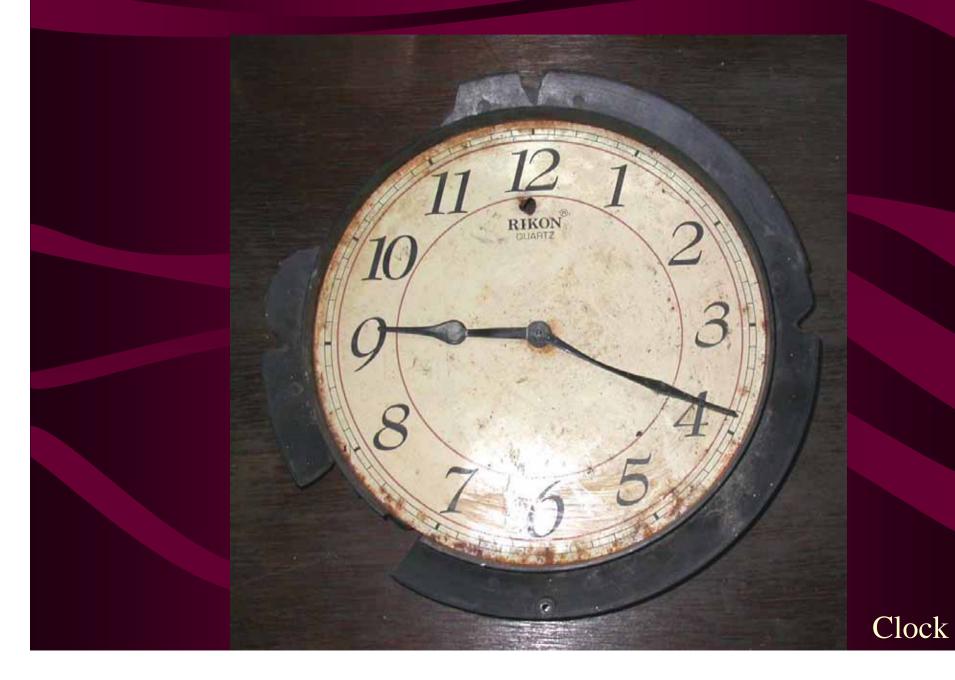

Museum Planning

- Search for funding (Government and Foreign)
- Building and infrastructure under designing by Architecture faculty of University of Moratuwa
- Recruit of museum staff By Ministry and Dept. of National Museums
- Collection of exhibits Already collected some and advertised over media for public assistance

Planning of Exhibitions

- What is Tsunami
- Tsunami histories
- Soon after the disaster
- Show destruction caused by Tsunami (By photos and artifacts)
- Plaque having all victims names as memorial
- Reviving lifes
- How to protect from the Tsunami Wave

Collected Artifacts
